Give A Shape To Your Career In CCIE Courses At Networkers Guru

Networkers Guru| US | Dubai | Nigeria | UK | Cisco [CCNA](#) [CCNP](#) [CCIE](#) Training Institute

[Cisco Certified Internetwork Expert (CCIE Course)](#), is a technical Networking certification program offered by Cisco Systems for senior networking professionals who will design, build, maintain, implement and troubleshoot networking infrastructures. The CCIE Course Certification program helps to prepare individuals ability to plan, implement, verify and troubleshoot complex network infrastructure.

[The Cisco Certified Internetwork Expert, or CCIE](#), is a technical networking certification which is offered by Cisco Systems and this certification program is continuously updated by Cisco. The Cisco Certified Internetwork Expert (CCIE) and Cisco Certified Design Expert (CCDE) certifications were established to assist the industry of internetworking specialists worldwide. These certifications are generally accepted as the most networking certifications in the industry.

The CCIE and CCDE certification has established a reputation for leading the networking industry in deep technical networking knowledge. The Expert-level certification program continually updates its testing tools to ensure and maintain program quality, relevance and value by Cisco. Through a CCIE written and lab exam, these expert-level certification programs set the standard for the internetworking experience.

The CCIE Course certification program is divided into three separate certifications includes the following: routing and switching, security and collaboration.

Expert-level certifications

CCIE Routing and Switching

CCIE R&S certification is an expert level CISCO certification in Routing and Switching technologies. This certification is designed for engineering professional and deals in a solution of networks by Cisco system to aid the networking industry. CCIE Networking concepts are covered for a two hour written exam, after which candidates must pass an eight-hour lab exam. The expert level certified network engineers require a skill and knowledge who can plan, implement, verify and operate network infrastructure.

CCIE Security

CCIE Security certification is the highest level certification in network security by CISCO system. The CCIE Security certification prepares engineers to architect, engineer and troubleshoots Cisco security technologies and able to handle Cisco IPS, Iron Port, and Cisco Routing and Switches etc. CCIE candidate must pass the lab exam and secure network within eight hours.

CCIE Collaboration

CCIE collaboration certification is to design, implementing and troubleshooting of VoIP and video solutions in a network by Cisco. CCIE Collaboration specializing in voice and video communication and able to work on Cisco Call Manager Express, Cisco Unity Express, Cisco Contact Centre Express etc. CCIE Candidates must pass a two-hour written exam and an eight-hour lab exam on Cisco Enterprise Collaboration.

CCIE Course costs

The CCIE R&S course duration for 2.5 months (Written and Lab Training) and approx. 1000 dollar.

The CCIE Security course duration for 3 months (Written and Lab Training) and approx. 1300 dollar.

The CCIE collaboration course duration for 3 months (Written and Lab Training) and approx. 2230 dollar.

Benefits of a CCIE Course

The CCIE is the most prestigious qualifications in the networking industry and obtaining certification engineers who want to improve their career prospects. The CCIE certification has practical applications of networking and will help to handle the troubleshooting issues. CCIE holders are often able to position themselves on great designation along with the great package.

CCIE Job Role

CCIE certification opens doors to multiple profiles. Candidate will be able to handle Cisco ASA, Cisco IPS, AAA Server, Cisco Router & Switches etc.

There is a lot of job opportunities after completing CCIE certification like;

- Network Engineer
- Sr. Network Engineer
- Customer Support Engineer
- Network Security Engineer
- Network Administrator
- Technical Support Engineer

There is a lot of top industry which hire CCIE certification holder;

- Cisco
- ISP & Telecom Provider
- Technology Companies
- Banking
- BPO

- Enterprises
- Data Centers
